

Statement from the Pastors

We are all living in extremely challenging times. Many are trying to face these challenges with natural, physical means, to no avail. What they don't realize is that their opponent is not "flesh and blood" (human)--but a spiritual foe. Therefore, in order to wage an effective defense or offense against him, spiritual weapons must be used. (II Corinthians 10:3-4)

We are convinced that the key to correcting this ignorance of spiritual matters, that pervades our society, is the teaching of the "full counsel" of the Word of God under the inspiration of the Holy Spirit. (Acts 20:27)

We believe God has given us such a teaching ministry for the liberation of those that are trapped in poverty, mental deprivation, sickness, disease and a lifestyle separate from God. We have the Ministry of Reconciliation!

Statement from Apostle Dr. Willie G. Nutt

Apostle Dr. Willie Nutt is the Bishop of Stockton Word of Faith Christian Center in Stockton, California, and Founder/Senior Pastor at San Jose Word of Faith Christian Center in San Jose, California. Apostle Dr. Willie Nutt is also the Founder/C.E.O. of TRIPART INSTITUTE, a Public Charitable Organization, and was an Area Representative for FICWFM (Fellowship of Inner-City Word of Faith Ministries). He is currently the Vice President of the South Bay Christian Minister's Union.

Apostle Dr. Willie Nutt is a graduate of U.C. Berkeley, a recipient of an Honorary Doctorate of Humanities degree from Cornerstone Christian Bible College, a retiree from the computer industry where he held system analyst, instructor, development, managerial, consulting and technical sales director positions. He has been a minister in the Pentecostal, Baptist, Deliverance, African Methodist Episcopal and Full Gospel denominations.

Apostle Dr. Willie Nutt and his lovely wife, Dr. Sharon, have four children and numerous grandchildren. This broad mix of secular and spiritual experiences prepared him to respond to the Lord's call to establish ministry organizations that address the whole person: spirit, soul, and body. His anointed teaching ministry, on television, the Internet and in the community, continues to bring inspiration to God's people.

Statement from Dr. Sharon E. Nutt

Dr. Sharon E. Nutt is an ordained Elder and Anointed Co-Pastor of San Jose Word of Faith Christian Center in San Jose, California. Dr. Sharon is a graduate of the University of San Francisco (USF) and a recipient of an Honorary Doctorate of Humanities Degree from Cornerstone Christian Bible College.

She is a retired Human Resources Specialist. After retiring, Dr. Sharon was the Proprietor of 'Nana's Day Care Facility' for several years and still stays in contact with many of the children. Her and husband, Apostle Dr. Willie of 58 years, still have a fun and loving relationship. They have four children, numerous grandchildren and several godchildren.

Before becoming a Pastor, Dr. Sharon held several positions at other churches. She loves working behind the scenes but is a helpmate to her husband and is a "guiding light" for "First Ladies!" Dr. Sharon's love for God and children keeps her involved in the Church's Youth Ministry where she shares a wealth of insight to women raising their children, and with her flare for being a 'straight shooter' she tells it like it is. As a 'three time' cancer survivor, she lets people know how precious time is and how important it is to share the knowledge of God's Word with the children and their families. She is an example of how God's Word works, if you work God's Word!

In 2012, Dr. Sharon took an active role with the South Bay Interdenominational Ministers' Wives and Ministers' Widows Alliance. Dr. Sharon is loved and respected, and San Jose Word of Faith Christian Center could not have asked for a better servant of God!
